Contract Analyzer

Payer Contracting Services

You study and work hard to help patients, we study and work hard to help you.

Our ability to understand the issues that are important to both providers and payers affords us insight into the market dynamics impacting provider reimbursement and the technical skills needed to manage and optimize payer revenue streams.

The fact is, we do obtain increases for our clients and will let you know if this service is right for you.

What We Do

Increase Provider Reimbursements

CodeToolz is here to enable you to maximize revenue with our laser-focus on your payer contracts.

Just a 3 percent increase on total annual collections of \$250,000 can put an extra \$7,500 in your pocket.

CodeToolz's Contract Analyzer calculates the financial impact of any contract fee schedule or proposed payer rate amendment for all your CPT® codes and payers.

All payer contracts and fee schedules are inventoried, cataloged and accompanied with the payer letters needed to make the right decision for your practice.

About Us

The **CodeToolz Team** is continually honing their strategic and technical skills to successfully usher clients through reimbursement strategies and price negotiations.

We have the tools necessary to provide you with quantifiable results that directly impact your bottom line.

Why Us

Results Matter

Our CodeToolz Contract Analyzer utilizes a unique proprietary process to review commercial payer contracts for our medical practice clients.

For over 20 years, CodeToolz has successfully analyzed and negotiated payer contracts to generate more profit.

Favorable fee schedule adjustments have an immediate impact on the client's bottom line. Since there are no variable or fixed costs associated with fee adjustments, all improved revenues add to our client's profit margin.
